

COMMUNITY-LED MONITORING DATA COLLECTION TOOL (HCV QUANTITATIVE)

Disease code : HCV
 Facility Name :
 Province :
 Community researcher code :
 Code of Respondent :

A. Access to HCV Screening & Diagnosis in the Facility								
No	INDICATORS	TOTAL	MALE	FEMALE	PWID	SW	TG/MSM	CHILD < 18 yrs
1	Total number of people ever receiving HCV antibody test at this facility							
2	Total number of people ever tested HCV antibody positive at this facility							
3	Total number of people undergone confirmatory HCV RNA test at this facility							
4	Total number of people with HCV viral load detected (pre-treatment) at this facility							
5	Number of people receiving HCV antibody test in this quarter							
6	Number of people tested anti-HCV positive in this quarter							
7	Number of people undergone confirmatory HCV RNA test in this quarter							
8	Number of people with HCV viral load detected (pre-treatment) in this quarter							

B. Access to HCV Treatment and Treatment Monitoring in the Facility								
No	INDICATORS	TOTAL	MALE	FEMALE	PWID	SW	TG/MSM	CHILD < 18 yrs
9	Total number of people ever receiving HCV treatment at this facility							
10	Total number of people ever completed HCV treatment at this facility							
11	Total number of people who attained SVR 12							
12	Total number of people who do not attained SVR 12							
13	Number of people receiving HCV treatment in this quarter							
14	Number of people completed HCV treatment in this quarter							
15	Number of people who attained SVR 12 in this quarter							

16	Number of people who do not attained SVR 12 in this quarter
