

## COMMUNITY-LED MONITORING DATA COLLECTION TOOL (HBV QUANTITATIVE)

Disease code : HBV  
 Facility Name :  
 Province :  
 Community researcher code :  
 Code of Respondent :

<b>A. Access to HBV Screening &amp; Diagnosis in the Facility</b>								
No	INDICATORS	TOTAL	MALE	FEMAL E	PWID	SW	TG/ MSM	CHILD < 18 yrs
1	Total number of people ever receiving HBV screening at this facility							
2	Total number of people tested HBsAg positive at this facility							
3	Total number of people tested for HBV DNA at this facility							
4	Number of people undergoing HBV screening in this quarter							
5	Number of people tested HBsAg positive in this quarter							
6	Number of people tested for HBV DNA in this quarter							

<b>B. Access to HBV vaccination in the Facility</b>								
No	INDICATORS	TOTAL	MALE	FEMAL E	PWID	SW	TG/ MSM	CHILD < 18 yrs
7	Total number of people tested HBsAg negative at this facility							
8	Total number of people (high risk groups) provided catch-up regimen of HBV vaccination							
9	Number of people vaccinated with first dose							
10	Number of people vaccinated with second dose							
11	Number of people vaccinated with third dose							

<b>C. Access to HBV Treatment in the Facility</b>								
No	INDICATORS	TOTAL	MALE	FEMAL E	PWID	SW	TG/ MSM	CHILD < 18 yrs
12	Total number of people eligible for HBV treatment							
13	Total number of people who have initiated HBV treatment at this facility							
14	Number of people eligible for HBV treatment in this quarter							
15	Number of people who have initiated HBV treatment in this quarter							
16	Total number of people who are still on HBV treatment at the end of this quarter <b>(13+15)</b>							

**D. Access to HBV treatment monitoring in the Facility**

No	INDICATORS	TOTAL	MALE	FEMAL E	PWID	SW	TG/ MSM	CHILD < 18 yrs
17	Total number of people ineligible for HBV treatment							
18	Number of people currently ineligible for HBV treatment in this quarter							
19	Number of people currently attending six monthly monitoring <b>(17+18) – (20+21+22)</b>							
20	Total number of people who have passed away							
21	Total number of people transferred to other facilities							
22	Total number of people lost to follow up after initiation of treatment
